**Documentary: "Into Great Silence"**

**Date/Time:** 1/9/2008 7:00:00 PM

**Location:** McMillan Theater

**Cost:** Free

**Details:** Nestled deep in the postcard-perfect French Alps, the Grande Chartreuse is considered one of the world's most ascetic monasteries. In 1984, German filmmaker Philip Gröning wrote to the Carthusian order for permission to make a documentary. The community replied that they would get back to him. Sixteen years later, they were ready. Gröning, sans crew or artificial lighting, lived in the monks quarters for six months filming their daily prayers, tasks, rituals and rare outdoor excursions. More meditation than documentary and beautifully filmed, it is a rare, transformative experience for those who are willing to invest several hours of their time. INTO GREAT SILENCE dissolves the border between screen and audience with a total immersion into the hush of monastic life.

The Catholic campus ministry is offering a special showing of INTO GREAT SILENCE at 7 p.m. on Wednesday, Jan. 9, in McMillan Theater. Pizza will be available in the Commons before the showing for those who would like to eat and ask any questions. There is no admission charge and anyone interested is invited.

### Donate Your Books

**Details:** Each semester, Better World Books partners with campus groups during the buyback period to collect the books students no longer have any use for or can't sell back to the bookstore. Books collected are used to generate funding and support for non-profit literacy programs. Last semester Better World Books ran successful drives on over 1,300 campuses and to date have raised over \$2.3 million for literacy in just 5 short years as well as given over 570,000 books directly to Books for Africa and the National Center for Family Literacy, working here, in the United States. These drop-off boxes can be located in your residence hall at either the front of the building or in the lobby area. Be the difference, help impact the world.

**The Wofford College campus community is reminded that the college ordinarily does not suspend classes because of snowy or icy weather. Every effort is made to hold classes and to have offices open as early in the morning as possible.**

Commuting students should understand that classes are held, but that they are to run no unreasonable risks to get to the campus. They will be permitted to make up any work they miss.

If an extremely rare exception is made to this policy, Upstate radio and television stations will be notified that we are closing; other notices may be made via e-mail or other means to the campus community. Otherwise, it is safe to assume that the college is open and conducting classes as usual.

Cancellation of athletics events, public lectures and similar events on the campus may occur from time to time due to weather conditions. They will be announced through Wofford News Services or through the Athletics Department, as appropriate.

**Location:** Web Link Listed Below

**Cost:** Free

**Details:** Today at 2 p.m., the South Carolina State Library and Pascal will sponsor a webinar on Zotero, a free Firefox browser plug-in with functionality that compares favorably to RefWorks and ProCite. If you have a microphone, you can participate using that; otherwise, you will be able to ask questions via text chat. Both Zotero and the talk about Zotero are free. We can't get any closer or any more convenient -- we'll literally be a click away. Zotero gets four stars in Jane Kessler's

October 2007 Charleston Advisor article (pages 52-56).

You can listen to the talk, or "attend" the lecture by following the link below on January 23rd at 2 pm:
